Anticipated Duel Between Colonel Mosby and taptain Payne.

Washington, August 20 .- A duel has been arranged to take place, it is supposed, on the old ducling grounds near Bladensburg, at daylight in the morning. Colonel and green tea. His physician, Dr. Howard John S. Mosby and Captain A. D. Payne, of Warrenton, Va., are the principals. They d the arrangement of the had a quarrel in Warrenton to-day over the third-term question. Mosby charged Payne ded by his skilful appoint- with having violated a promise made by him in regard to his running for Congress, and the lie passed, whereupon Mosby challenged him to mortal combat. Payne accepted, and everything was arranged for an immediate

By some means the authorities had heard of it, and both were placed under heavy bonds, with their seconds, not to fight in Virginia. Payne proposed that they go immediately to an adjoining State, and Bladens-burg was selected. Mosby took a freight train and came to this city. Payne took a horse and carriage and drove around to Bladensburg, where he will remain until the morning. A telegram from the Mayor of Alexandria was received here this evening, and Mosby was arrested and gave bail in \$5,000 not to fight in this District.

Friends of Payne have gone in search of him to prevent the meeting. Payne commanded the Black Horse cavalry, and is determined to have a tight at any hazard. Hon. J. S. Barbour went Mosby's bail. The authorities of Bladensburg have been informed, and will endeavor to arrest both parties. Mosby says the fight must take

place. [For further particulars see telegraph.]

FEARFUL CASUALTY .- On Monday last the authorities attempted to clean out an old well-one of the first dug at the Saltworksfor the purpose of using the water. It is between 250 and 300 feet deep. A colored man by the name of Brown was let down in a bucket, but being overcome by "bad air," fell out of the bucket and was drowned. Billy Beaty, another colored man, volunteered to go down to his rescue, when he also, retusing to be tied in the bucket, shared a like fate. A young Irishman, whose name we have not learned, volunteered to go down, and being tied in the bucket, descended, and found one of the colored men, who was drawn out, but he could not find the other. The gas had some effect upon the white man, but he sustained no serious injury. We understand that the casualty produced great excitement about the works. It is but due, in this simple announcement, to note the heroism of the Irishman, a total stranger, who volunteered to go down under the appalling circumar prize, W. Frey, Philadelphia; last stances. Mr. Palmer had offered a hundred dollars to any one who would descend to rescue of the two colored men, but he refused to take It .- Abingdon Virginian.

AN AUTHORITATIVE DENIAL OF THE ANNEXA-TION RUMOR FROM THE GERMAN MINISTER-THE POLICY OF THE GERMAN EMPIRE. Baron "chlozer, the Minister of the Ger-

nan Empire, authorizes, the statement that the policy of the Empire since the Franco-Prussian war has been unequivocally hostile remote from Europe; that the sentiment of the German people is as pronounced against accepting more territory as that of the people of Spain could possibly be against parting with any of her possessions. In a word, Germany would not with an alliance accept another foot of territory, especially if such acquisition would in the slightest degree essen the bond of friendship which the German Minister says is the nearest between the could possibly exist.

SEDUCTION, SUICIDE, AND ATTEMPTED MUR DER -- Indianapolis, August 20. - George C Harding, editor and proprietor of the Indianapolis Herald, shot Sol. Moritz, a promment merchant of this city under the following circumstances: The gentlemen have been warm friends and very intimate in their social relations. Moritz, who is a Hebrew aged about forty years, and married, took advantage of the intimacy and succeeded in seducing Harding's daughter, about eighteen years of age. This was accomplished last March, and improper relations have been maintained by the parties since that time The young lady confessed these facts to her father on last evening, and, overwhelmed with remorse, attempted to commit suicide by taking opium,

It is thought she repeated the dose this morning. About 1 o'clock this afternoon Harding went in search of a physician, and met Moritz on the street, and immediately began firing at him, shooting five times, and then passed down the street. One of the shots shattered Moritz's left elbow, and another passed through his arm, lodging in his chest. It is thought the latter-named would prove fatal, but at 10 o'clock he was resting quietly, and will probably recover.

Miss Harding died about 3 o'clock this afternoon. Harding is under \$10,000 bail to This led to a challenge from Mosby to Payne, await the result of Moritz's wounds. Pubhe feeling is very strong in sympathy with Harding. Since the shooting Mrs. Harding, and Barbour were in consultation, and tep-mother of the deceased, stated that Moritz had also made improper proposals to her. Moritz denies the charges made by Payne, cousin of Captain A. D. Payne, Judge Miss Harding, and claims to be able to prove Thomas Smith, and Barbour. Mosby left his innocence.

MR. BEECHER AND JEFFERSON DAVIS-Low sville, August 19 .- The Courier-Journal tomorrow will publish a letter from the Rev. Henry Ward Beecher, pronouncing the re puted sermon of his which has been widely published, advising the hanging of Jefferson Davis in 1865, an unblushing lorgery. He says: "Not only did I never utter or write such miserable stuff, but the whole world knows that while many were clamoring for some sacrifice or victim, I everywhere and always opposed with intense earnestness the shedding of a drop of blood, and resisted with all my might the influences which sought the execution of Jefferson Davis. It s not the first shameful torgery upon me which has been circulated in the South and West. I am so heartily desirous of the reestablishment of good with between all who have been alienated, and I so much value the good will of my fellow-citizens of the South, that I step aside from my usual course and make a reply to this slander."

In connection with the sudden death of Police Officer Fleet, while turning in an a requisition from the Governor of Virginia, alarm from a fire-box yesterday, a very important theory has been suggested, the accepted belief being that he died either of Colonel Mosby leaves for Warrenton in the heart-disease or apoplexy. That theory, emanating from a distinguished physician of this city, is that after the violent exercise of running to the box did he not, to sustain other hand against the edge of the box, and seconds were on the ground at noon to-day himself while turning the crank, lean with the his fingers coming in contact with the wire, thus, if such could be the case, form a circuit of himself between the wire and the prevented from keeping his appointment by erank, and thus receive a fatal shock? The sad affair should be a warning at least to policemen and others turning in alarms until the correctness of the theory is established. Washington Chronicle.

COLONEL J. B. WALTON .- We are grati fied to learn that the rumors which were quite current of the death of Colonel J. B. Walton (who was during the war commandant of the Washington Artillery battalion) were unfounded. On sending up to his house we ascertained that the Colonel, who had been quite unwell, was sitting up very comfortably, and partaking with characteristic gusto of a breakfast of Creole eggs, toast, through the streets by the enterprising newsboys .- New Orleans Picayune.

PARTICULARS OF THE PAYNE-MOSBY DIFFICUL-TY-THE MATTER REGARDED AS AT AN END. WASHINGTON, August 21.-In a political discussion in Loudonn county, Va., a few days ago a difficulty arose between Captain A. D. Payne and Colonel John S. Mosby. which was borne by Mr. James Barbour, Judge Keith, understanding that the Paynes knowing the animosity existing between them, ordered the arrest of General W. H. Warrenton, and came to Washington by the cars to await the acceptance of the challenge. Captain Payne left by buggy, which he abandoned about six miles from Warrenton. Mr. Barbour baying been arrested by order of Judge Keith, the acceptance was brought to Washington by another party. After Colonel Mosby's arrival here he went to the house of John S. Barbour and remained for some time, but went to the East Capitol Park, where he was in consultation with Mr. Barbour and other friends for some James River and Kanawha Canal time, when they went to Sanderson's for retime, when they went to Sanderson's for refreshments, and the Colonel was arrested by detectives.

It is not known here where Captain Payne is. This is regarded as the end of the matter. The Alexandria Gazette's special from Warrenton says: "Captain Payne and his to meet Colonel Mosoy, near Buckland, in Prince William county, but the latter was his arrest in Washington. The affair will not now be permitted to go further."

[Second Dispatch.]

FURTHER DETAILS OF THE AFFAIR. WARRENTON, August 21 .- The affair beween Colonel Mosoy and Captain Payne grew out of a certificate given Payne by H. C. Bowen setting forth that Mosby has de clared himself a candidate for Congress, and desired the election of certain delegates from Rappahannock township. Mosby sent the challenge. The second of Payne was L. S. Helm, and the second of Mosby, James Barbour. The place of meeting was Buckland, Prince William county; the time 11 o'clock to-day; weapons, rifles. Judge Keith secured the arrest of Mosby in Wasnington, and prevented his filling his appointment Payne got on the ground with great difficulty. All the parties have been or will be put under arrest.
